I had a talk with R.S. Mackenzie Esq. on the 20th July

1) I asked him to address all his letters (for me) to the Secretary not occasionally to the Secretary or at the times to the V.A. The Boy Scouts file is in the Secretary's Office.

2) I told him I would

(a) Open the Scout Exhibition at the Mayo Hall at 10 a.m. on the 29th July

(b) Take the Salute at the Ceremonial Parade on the Meadow at 5 p.m. on 30th July

(c) (if convenient) attend the Concert at St Joseph's College at 6.15 p.m. on 1st Aug.

(d) attend the Camp fire in the Rest Paddock at 6.30 p.m. on 3rd Aug.

3) I said I would have the tents pitched in the Paddock on Thursday 1st August

as usual. The usual lists will be required and I will circulate the notes. The Padock gates of the Public Offices are already open: they are only shut while us are away.

SCOUT CRAFT EXHIBITION

A. D. C. Mr. Rama Rao is in charge of the Exhibition

In connection with the Scout-week, arrangements will be made for an exhibition of various items of Scout-craft and handiwork. This will be held in the Mayo Hall.

The Scoutmasters are requested to furnish the A. D. C. in charge *before* July 20th, with lists containing the number and the names of exhibits which they propose to place on view, and the number and the description of the furniture which they wish to bring to the Exhibition Hall (for arranging the Exhibits), so that the A. D. C. in charge may be in a position to know what amount of space should be allotted for each Troop. Labels containing the No. and Description of the Exhibit together with the No. and Name of the Troop written thereon should be affixed to each article. Exhibits for sale may be labelled with the price for which they may be sold. The name of the Troop, or the College or School should be written clearly underneath each article of furniture in chalk or ink, so that there may be no difficulty in removing them after the Exhibition.

The spaces allotted for the various Troops will be designated "Stalls". Scoutmasters should provide themselves with boards containing the name

and the No. of their Troop and the name of the institution to which they are attached. These boards may be hung up in a prominent place in the respective stalls.

Scoutmasters and Assistant Scoutmasters should make their own arrangements to transport the exhibits, and the necessary furniture required for keeping them in the Exhibition Hall on or before the Saturday previous to opening of Scout Week. The work of arranging the exhibits to the best advantage with a view to secure the best advertisement in each stall, is left entirely to the Scoutmaster and the Assistants who may avail themselves of the advice and the suggestions of the A. D. C. in charge. The work of arranging the exhibits may be taken up on or before Saturday and should be completed before the evening of Sunday, previous to opening.

The Exhibition will be opened on the Monday at 10 a.m. and last till 5 p.m. on the Saturday of Scout Week. Scoutmasters are requested to get their exhibits and furniture removed to their respective schools, colleges or club-rooms, before the evening of the Monday after Scout Week. The cooly and the carriage charges incurred by the Scoutmasters in the transmission of the exhibits from the club-room to the Exhibition Hall and *vice versa* will be paid by the Hon. Secretary of the Association, on production of *bona fide* vouchers counter-signed by the Assistant District Commissioner in charge. The Exhibition will be open free of charge to the public from Monday to Saturday both days inclusive, from 9 A.M. to 12 noon, and from 2 P.M. to 5 P.M. The Scoutmaster of each Troop may, if necessary, arrange to have a Scout in charge of his exhibits so that the arrangement may not be disturbed by anyone. The Association will make arrangements to have one clerk with two peons to be in charge of the whole building, to safe-guard the property. Arrangements will also be made to have a night-watchman.

Special note.—No nails to be driven into the walls of the Mayo Hall.

The above list is by no means an exhaustive one. It is only suggestive of the lines on which exhibits may be prepared and arranged.

Since the objects of the Exhibition is to educate the public as well as the Scouts and Scouters and to impart as much information as possible, it is needless to presume that each troop should only present exhibits made by

the Scouts of that troop. All exhibits of Scout-value are welcomed with pleasure.

Prizes will be awarded for the largest and best exhibits of Scout interest, pronounced by the Judges to be of good quality and workmanship.

Special note.—Only exhibits prepared since the last exhibition will be judged for prizes. Other articles may, however, be shown separately.

Be prepared. Think it your duty to make the Scout Week a success. Act in concert with the Principals and the Heads of the Schools and Colleges to which you are attached and secure their sympathy, co-operation and active help. Show to the Public that you are doing useful work and will be prepared to do more with their help and support.

Scoutmasters who are desirous of having any further information may apply to the D. C. or A. D. Cs.

He will be glad to provide light refreshments for the Scouts and Cubs and tea for the Scouters and Officers on the day of the semi-final Rally. I am to enquire what numbers in each class are expected to be present.

2. The Hon'ble the Resident regrets that he will not be able to attend on either date as he is probably leaving for Coorg on October 24th and will not be back till November 17th or 18th. THE BANGALORE BOY SCOUTS ASSOCIATION.

ANNUAL REPORT FOR THE YEAR

ENDING SEPTEMBER 30th 1925.

"Nandidrug" and "Progress"—these two words and in that order are the key-words of this Report. They are related as Cause to Effect—as a perusal of what follows will demonstrate.

This is the fifth year of the reorganized Bangalore Cantonment Association of Boy Scouts, and it is most gratifying to record it as the most successful year so far. In every respect there has been material progress; in numbers, in efficiency, and in organization. The hopes expressed at the last Annual Meeting have been more than fulfilled. Hard work and a united determination on the part of some of the active members of the Association have lifted the Movement in a very short time from a condition dangerously near moribundity to one of ambitious activity. This is no hyperbolic effusion. It is a mere statement of fact. And those who have contributed to this splendid result have their own reward—any attempt at a wordy allocation of thanks would be invidious.

If there is anything still forcing a sigh of regret from otherwise thankful hearts, it is the continued tendency on the part of the general Public to apathetically disregard the claims—the legitimate claims—of the Scout Brotherhood on their active interest and support. There is still unfortunate evidence of a misapprehension of the real meaning of Scouting. But even here there are signs of improvement; and it is not a vain hope to anticipate a brighter Outlook as Scouts and Scouters set themselves to the inevitable and important task of educating the educatable! The key to the future in this aspect of Scouting lies in the hands of the

Scouts themselves—who, if they will determinedly and tactfully demonstrate the Scout ideal in the daily round and common task, will do more to enlighten public opinion into appreciation than anything else.

The Year's Progress.

Having uttered this one sigh we gladly turn to the encouraging retrospect of the road we have journeyed this past year. As already stated, it has been blazoned all along with the meaningful device "Progress". Take, for instance, the evidence of numbers—no less than ten new Troops have been formed during the past few months, and about six more are in course of formation. The Scout roll has been more than doubled—the total on the rolls now being over 424 as against 212 at the beginning of the year. The same gratifying increase is found in the Cubs section, where there are 68 on the rolls as against 42 last year.

The most significant and pleasing sign is probably found in the number of active Scouters (Scout Masters, Assistant Masters, Cub Mistresses, etc.), which has taken a leap upwards from 29 to 41—and yet more are being called for, and we hope will be available in due course. There can be no doubt that an efficient and enthusiastic body of Scouters is the most emphatic *sine qua non*, and the District Commissioner and his helpers are to be congratulated on the present measure of its complete realization. Ways and means are again under consideration for another Training Class, and the Committee hope their supporters will come forward with the needed financial assistance.

This brings us to the outstanding event of the year, for it is to the Nandi Training Camp that most of the progress recorded is attributable. It was not the only Camp of the year—a previous and very successful one was held at Chickballapur in October when 15 members went through the necessary Course. But Nandi was by far the largest and most resultful Camp held so far. It turned out no less than 30 Scouters, a fine body of young men who have since proved the worth of such training by throwing themselves into the business of raising and equipping new Troops. All except one or two are actively engaged in such work.

A special account of this Camp, written by the Rev. G. Wilkins, is given elsewhere in this Report, but the subject cannot be allowed to drop without a deserved word of cordial thanks being expressed by the Executive Committee to the District Commissioner and the other responsible officers for the masterly way in which they carried through the whole Camp to the smallest details. For the success in helping teachers in Indian Schools to take the training, and then for the complete success of the catering arrangements for the Indian section of the Camp very great credit is due to the unremitting labours of Mr. K. V. Rama Rao, B.A., L.T., who most ably assisted the District Commissioner in the other duties as well. The Committee's best thanks are also due to a number of helpers, without whose voluntary and valuable aid the task would have been much more difficult.

A very encouraging feature of the past year's record is the raising of four Mohammedan Troops from the four Municipal Schools in the Cantonment for Muslim boys. A very successful Mohammedan Scout Rally was held in June, the first of its kind ever held in the Station, when 72 Scouts paraded. The number has now increased to 95. Congratulations for this fine result must be offered to the Vice-Chairman of Committee, Mr. Abdul Lateef, and to other friends who have laid themselves out to awaken an interest in Scouting in these Schools.

Efficiency of Troops.

Several occasions have offered during the year for the Troops to exhibit their bearing and smartness in public. A detailed account of these is given later, but a few references to the more prominent events may not be out of place.

A prefatory remark must be said regarding the progress of efficiency in each separate Troop—which, after all, cannot be adequately judged by public demonstrations, but by the "home life" at "the base". A report of each Troop by the District Commissioner will be found later, and comparing this with last year, it is very gratifying to remark the note of gratulation that runs all through. Repeated references are found to the smart and correct drilling, the

knowledge of first-aid, of some elementary signalling, of the history and composition of the Union Jack, of the endeavours to carry out the Scout Law and specially Scout Promise No. 2, etc. It is in these details that the true spirit of Scouting lies, and it will be the duty of all active members in this coming year to inculcate the importance of these details and so bring up the standard of efficiency higher than ever. The new Troops specially need to be grounded in these elements.

In this connection it may be as well to refer here to that equally important element in Scouting, *viz.*, Camping. It is acknowledged that Camping comprises the very essence of true Scouting. In fact, the best authorities hold that a Scout's training is incomplete until he has been into camp. It is encouraging, therefore, to note that Troops are coming to see this and to make more use of this valuable aid to efficiency.

It is sincerely to be hoped that every Troop will do its best to make arrangements for camping a certain number of days every year or as often as possible. The former Chief Scout was very keen in inculcating this desideratum and the District Commissioner is equally insistent upon its advantages and even necessity. The Committee's policy of helping with grants will be continued as far as funds will allow, but each Troop should set itself to provide as much of the necessary funds as lies in its power. There are various ways of doing this, and the effort to self-help is itself a training.

The Annual Rally and General Meeting of the Association was held on November 1st at the Bourdillon Branch of the Y.M.C.A. 188 Scouts paraded and each Troop gave a demonstration of some kind, which was interestedly watched by the Chief Scout and Mrs. Barton, the Chief Scout Commissioner of Mysore, and other distinguished visitors. Mr. Barton expressed himself very well pleased with the turn-out of the Scouts. In the meeting after the Rally Mr. Barton gave expression to some very interesting and helpful sentiments.

A notable event took place on January 24th in the Cubbon Park when the B. P. Scouts of the Cantonment and

the Scouts of the Mysore (Bangalore City) Organization gathered in a combined Rally under the Presidentship of the Hon'ble the Resident in Mysore, Mr. W. P. Barton. Over 500 Scouts paraded and there was apparent all through a fine spirit of enthusiasm and brotherliness. Such Rallies ought to go far in helping the Scouts of the two Organizations to understand and appreciate each other.

The largest Rally ever held in the Station took place on June 20th when 408 Scouts (all of the Cantonment) paraded to bid farewell to their Provincial Commissioner and Chief Scout, the Hon'ble Mr. W. P. Barton and to Mrs. Barton. This was held in the Residency grounds, and the gathering was composed of a host of distinguished visitors including the incoming Resident, the Hon'ble Mr. S. E. Pears, C.S.I., C.I.E., I.C.S., and Mrs. Pears. After a round of inspection the retiring Chief Scout gave the assembled Troops a farewell Yarn which was listened to with keen interest by all.

Our Former Chief Scout.

This seems a fitting place for the Committee to express to Mr. W. P. Barton its keen appreciation and most hearty thanks for the sustained interest he has evinced in the Bangalore Scout Movement ever since its resuscitation in 1921. It was almost entirely due to Mr. Barton's personal enthusiasm and fostering sympathy that the Association was restarted after a complete lapse for some years. There were many difficulties to overcome, probably a good deal of prejudice to meet, before success could be arrived at, but under his kindly guidance and tactful leadership he was rewarded by seeing it emerge into a fully established and well organized Brotherhood as evidenced at his farewell Rally. The Association has lost a wise leader and the Scouts an enthusiastic Chief. Happily, adequate compensation is at hand in the knowledge that the new Chief Scout and Provincial Commissioner is proving so worthy and accomplished a successor in every respect.

Membership.

The need for a word regarding membership in the Association is called for. Nominally it remains the same as

badges was revised. Certain Rules were drawn up designed to raise the standard of efficiency required for the winning of the various badges. This doubtless explains the smaller number of badges issued in comparison with last year, but the advantage is obvious. The Committee thanks the various examiners for their kind help in examining competitors.

The list of Badges presented is as follows :—

The Accounts.

It is advisable to begin our comments by a reference to the current year's balance shown in the audited statement in Appendix 3. It is important to note that the sum mentioned, Rs. 866, is almost entirely earmarked for *immediate expenditure*, and therefore does not imply an idle credit: The sum of Rs. 500 has already been allocated to eight new Troops for purchase of equipment—in conformity with the intentions of Government when granted by the Resident. This is the first Government Grant the Association has been given, and is designated as non-recurring. We hope, however, that Government will see their way to renewing the Grant in the new year, and even, if possible, increasing it. The Committee is very thankful for this timely help.

A further sum of Rs. 200 has had to be set aside for the expenses connected with the sending of three Patrols to Madras for the Provincial Jamboree celebrations. Another Rs. 100 has already been expended on Prizes for Troop competitions in connection with the next Annual Rally. This leaves a balance of only Rs. 66 to meet current expenses in printing, etc., relative to the Annual Meeting.

A very significant fact is that membership subscriptions have fallen to Rs. 265, as against Rs. 580 in 1923, and Rs. 380 in 1924! A note of appeal has already been sounded to members, and these figures are, or should be, eloquent proof of the need for such an appeal.

A very acceptable and welcome help was afforded to the funds of the Association by the benefit performance staged by the Parsee Alfred Theatrical Company, which resulted in a sum of Rs. 330. The Executive Committee take this opportunity of tendering its most grateful thanks to the Company for this substantial gift.

The Committee's best thanks are also rendered to the Austin Farewell Entertainment Committee for their donation of Rs. 75 towards the expenses of providing refreshments for the Scouts who paraded on the occasion of Mr. and Mrs. Austin's Farewell. An account of this function is given elsewhere.

From a reference to the Balance Sheet it will be seen that had it not been for the opening balance carried forward from last year, the Government Grant, and the Parsee Theatrical Benefit Performance donation, the heavy expenditure connected with the Nandi Training Camp would have been impossible—and what that would have implied there is no need to dilate upon. We trust every reader of this Report will take these figures to heart, and set themselves to strengthen the hands of the Committee by their liberal support financially.

Once again the annual audit has been carried out by our good friend Mr. K. V. Laxman Rao freely and for this kind service the Committee is most thankful and appreciative. (See Appendix 3 for Balance Sheet.)

The Census.

The Annual Census was recorded as usual in August (1925). Since then the figures have increased, and the *present* numbers are tabulated below. Ten new Troops were registered and two new Cub Packs are awaiting registration. Two of the older Troops have temporarily ceased functioning, leaving actually 19 Active Troops and 5 Cub Packs. A list of these is given in Appendix 4.

Nine new Warrants were issued during the year, a list of which will be found in Appendix 2.

Of the number of Scouts mentioned, there are 1 King's Scout, 6 First Class Scouts, and 21 Second Class Scouts.

Presentations.

Two presentations took place during the year—the first at a meeting of the Executive Committee in February, when the Provincial Scout Commissioner, Mr. W. P. Barton on behalf of the Committee, presented the former Hon. Secretary of the Association, Mr. D. Murtrie, O.B.E., I.S.O., with a Gold Thanks Badge in recognition of his splendid services rendered to the Scouts Association since its reorganization. Mr. Murtrie suitably replied.

Patrol Leader Biddell was presented with the Gilt Cross by the Chief Scout for conspicuous ability in carrying out his duty during the fire in St. Mark's Church. The presentation took place at the Residency.

PRINCIPAL EVENTS OF THE YEAR.

Farewell Rally for Mr. and Mrs. Austin.—On October 4th, 1924, the Municipal Commissioners and friends gave a Farewell Entertainment in the Kensington Park to the retiring President of the Commission, Mr. T. Austin and to Mrs. Austin, at which the Boy Scouts were invited to be present to act as a Guard of Honour. 150 Scouts paraded and were duly inspected by Mr. and Mrs. Austin, after which they were provided with refreshments by the Entertainment Committee. Troop VIII gave a short display.

Chickballapur Training Camp.—A Scouts Training Camp was held at Chickballapur from October 10th to 17th, 1924. This camp was the outcome of a Training Class held for some time previously, and this explains its short duration. Fifteen were present, and the Tenderfoot and Second Class

Tests besides other necessary training were completed. First-aid talks were given by the Medical Staff of the Mission Hospital of the place, and the District Commissioner gave some Lantern Lectures on Birds, Scouting and other items. At the close of the Camp an Investiture was held, and 12 members of the Camp took the Scout Promise for the first time. Altogether it was a very successful Camp, and provided some much-needed Scout Masters and Assistants.

Annual Rally and Meeting.—The Annual event was held this time at the Bourdillon Branch of the Y.M.C.A. The grounds were hardly suitable for such a rally, but in spite of this and some rain that fell during the afternoon, it was altogether a success. 188 Scouts paraded and each Troop was duly inspected by the Chief Scout and Mrs. Barton and a word of encouragement given to the Scout Masters. Each Troop gave a display. A number of well-known visitors were present, including Mr. Shankaranarayana Rao, Chief Scout Commissioner of Mysore.

At the Meeting held inside the large Hall after the Rally a good number were present. On the platform were Mr. and Mrs. Barton, Hajee Sir Ismail Sait, the District and Assistant District Commissioners, Mr. Shankaranarayana Rao, and the Acting Secretary. Gold cords were presented to two Scouts, Messrs. Bannerjee and Munisawmy Rao by the Chief Scout.

After the usual routine business, the Chief Scout gave a very entertaining Yarn, followed by the Assistant District Commissioner, the District Commissioner, and Mr. Shankaranarayana Rao. A message of greeting from the Mysore Scouts Organization was read by the Chief Scout and received with acclamation.

Combined Rally in Cubbon Park.—This took place on January 24th, and was presided over by the Hon'ble Mr. W. P. Barton. After the March Past three presentations took place—the Maharaja's Flag for the best all-round Troop went to the 26th Troop; the Reddy Public Service Shield to the 1st Shimoga Troop for service rendered during the floods in the Tunga; and the Volley Ball Medals to the 3rd and 16th (combined) Bangalore Troop. All these were in connection with the Mysore Organization.

The President gave a fine Yarn, after which several Troops gave displays.

Nandi Training Camp.—The Camp was held from April 29th to May 13th. The following interesting account is supplied by the District Commissioner, the Rev. G. Wilkins. Though somewhat lengthy it seems worthy of a place in this Report for permanent reference :—

"Nandidrug is a small hill sanatorium in the Mysore State. It is famous in history as being one of the hill forts of Tippu Sultan, the "Tiger of Mysore". Nandidrug, almost more than any other hill, is connected by tradition and quasi history with the imprisonment and death of numbers of British prisoners captured during the Mysore Wars, 1780-84. On one side of the hill there is a section called "Tippu's Drop," and it is said that numbers of prisoners were hurled over the precipice. Whatever is the truth of that statement, the records of prisoners who afterwards escaped show that all prisoners had a horror of being sent to this out-lying hill fort, for to them it meant close confinement and probably an early and violent death.

The hill has a very interesting religious history to the student who can trace the gradual change from ancient Jain worship to the present worship of Shiva. The temple on the hill and another in the village at the foot of the hill, both built about the 9th century, have ever since their establishment seen a steady stream of pilgrims eager to receive blessings, both temporal and spiritual, and that stream continues to the present day.

The summit of Nandidrug is 4851 feet above sea level and about 1600 feet above the plains. At the top there is an extensive plateau sloping to the west, in the centre of which there is a large hollow containing a wood and a well-constructed tank fed by perennial streams. Thus Nandidrug in every respect is an ideal site for a Scout Master's Training Camp. Its history, both religious and military, is intensely interesting, its woods are excellent for the study of trees and birds, the plateau is ideal for parades and drill, the top of the hill with its unimpeded view of the heavens is just the right place for study of the stars, and the whole surroundings lend themselves to camping, tracking, stalking and pioneering.

Thirty prospective Scout Masters arrived at the Camp on the appointed day, many of them having their first lesson in Scouting by climbing the hill. The men were mostly headmasters and teachers in schools. There were 6 Mohammedans, 3 Indian Christians, 10 Brahmins, 2 British soldiers, 4 Non-Brahmins, and 5 Anglo-Indians. I do not know of any other organization besides the Scout Movement in which an English missionary could keep together for 15 days 30 educated men belonging to such a variety of religion and race. Perhaps the most attractive feature of the Camp was the proof afforded that the magic of Scouting can induce men of different race and religion to forget their prejudices for the common good.

The Camp was conducted throughout on the Patrol System and the Scout spirit was manifest in that the Patrols formed of the greatest variety possible of religion, race and creed, lived and acted as separate units in every respect, except for food.

The programme was a very full one. It included physical exercises, and the various tests for the Tenderfoot and Second Class badges, and a large portion of the tests for the First Class badge. Games formed a part of the programme, and the last two days were chiefly devoted to Cub work. In addition to the ordinary Scout activities, there were Talks on Trees, Domestic Animals, Birds and Stars which all helped to enlarge their outlook on life and raise their thoughts from nature to nature's God. There was also a historical talk on Nandidrug followed by a historical ramble. Lessons were given in First-Aid on fractures, bleeding and bandaging; and on Sundays besides the Service for Christians there were Talks on "Method of sexual teaching" and "Religion in Scouting". I discovered in my Talk on Religion in Scouting that it is difficult to have a 'Scouts Own' (a religious meeting for Scouts) owing to the great variety of castes and sects among the boys.

Morning prayers were conducted before the saluting of the Flag. Presence at these prayers was made entirely voluntary, but all attended without exception, and it was an encouragement to note the reverence of all the men, and the many expressions of appreciation from the non-Christians of the brief meditations and prayers that were used.

Each day's programme was closed with silent prayer, and the Three-fold Benediction. The silence during prayer, both morning and evening, made a deep impression upon the minds of these 30 men with different religious belief and upbringing.

The Camp closed with an Investiture (at which Mr. T. B. Russell, I.C.S., very kindly presided) and the public were invited. Two forms of Promises were taken. Those who had been Scouts and had already taken the Scout Promise were asked to state if they understood the Ideals and Possibilities of the Movement and if they promised by their own example to follow out in their daily life the Scout Law. Their reply was very impressive—"I do, and with the help of God I will."

Those who had not taken the Scout Promise were invested as Scouts and given the Scout Badge, and it was a great moment when these men, with their left hand on the Union Jack, promised "to do their best to do their duty to God, the King-Emperor, to help people at all times, and to obey the Scout Law". The address to these new Scout Masters dealt with the origin of the Investiture and they were urged to be true loyal Knights, and to carry out the spirit of the Scout Law in their every-day life. Certificates marked according to the progress made in the Camp were distributed to each man and the Camp closed with the usual cheers."

Mohammedan Scout Rally.—Took place on June 16th at the Queen's Statue. 72 Mohammedan Scouts paraded. Very successful affair.

Farewell Rally to the Chief Scout and Mrs. Barton.—Held at the Residency on June 20th. The largest Rally ever held in the Station; 408 Scouts paraded. Several distinguished visitors were present; including the Hon'ble Mr. S. E. Pears, C.S.I., C.I.E., and Mrs. Pears, T. B. Russell, Esq., I.C.S., and Mrs. Russell. Mr. Russell (as Chairman of Executive Committee) and Rev. G. Wilkins, the District Commissioner, both expressed words of thanks and farewell to the Hon'ble Mr. Barton and Mrs. Barton for their constant interest in the Scout Movement. The Chief Scout replied in a speech that was listened to with great

interest by all present. It was one of the most successful Rallies held so far. Great credit is due to the District Commissioner and the District Scout Master for the organization and arrangement of the Troops.

Benefit Performance.—The Parsee Alfred Theatrical Company very kindly gave a benefit performance in aid of the funds of the Association in February. The performance was under the distinguished patronage of the Hon'ble Mr. W. P. Barton, and was largely attended. There were some Scouts present. The sum realized was Rs. 330. The thanks of the Committee have already been expressed in this Report (see Accounts).

Scout Camps.—Some Troops have had the pleasure of going into Camp for a varying number of days in each case. Troop I (Bishop Cotton's) went into a Camp at Mysore during the Dassarah holidays (1924) and had a very enjoyable time. Troop IV (Clarence School) had a five days' camp at a half-way town between Maddur and the Bluff, called Malvalli, in January (1925). From first to last it was a most happy and successful affair; and included a visit to the Electric Light Works at the Bluff, where the Engineer-in-charge very kindly piloted the Troop over the various generating houses. Troop VII and some other Troops are making arrangements to go into Camp towards the end of the present year in the holiday time.

Investitures.—The District Commissioner reports a large number of Investitures during the year. These were generally held in the grounds belonging to the School from which the Troop to be invested was drawn. The largest number of Troops invested in any one month was six, all of which were new. This was in August 1925. A very pleasing feature common to nearly all these functions is the presence of brother Scouts and Scouters of other Troops by way of compliment. Such opportunities of expressing the spirit of Scout brotherhood have thus been made good use of, and we trust will do much good.

Prospective Event.—The Madras Provincial Jamboree is to be held in Madras from December 29th to January 2nd. It is expected that this Association will be able to send three

Patrols—one Mohammedan, one Hindu and one European under the care of the District Scout Master. All troops will compete at a pre-arranged Rally for this distinction, and the three best Patrols will be chosen to go to Madras. Troops from all over South India are to take part.

REPORT OF TROOPS.

The following is a very brief summary of the District Commissioner's Report on the various Troops based upon the Annual Inspection.

Troop I.—(Bishop Cotton's School). 20 out of a total of 21 Scouts paraded. The drill is very smart and correct. Knotting good and bandaging good. The Patrol Leaders lead very well and have grasped the idea of leadership. I should like to see the Scouts passing some of the proficiency tests.

Troop II.—(St. Joseph's College). 24 out of the 26 Scouts paraded. Marching and drill are excellent. Knotting and signalling need practice. Good progress has been made in 2nd class bandaging. There is a fine spirit of competition in games. The Troop is showing real signs of efficiency. It is well staffed with Scouters.

Troop III.—(Baldwin Boys' School). The drill is smart. The Scouts are taking lessons in Ambulance, one has passed and four others are sitting for examination. The Troop has recently been revived and now promises well with two trained Assistants. 19 out of the 20 Scouts paraded.

Pack III.—(Baldwin Boys' School). A very nice and neat Pack.

Troop IV.—(Clarence School). Drill is smart and correct. Signalling needs practice. The Troop has made good progress during the year and should make greater progress with an efficient staff of Scouters.

Pack IV.—(Clarence School). I was very pleased with the smartness and efficiency of the Pack. The boys are keen and thoroughly enjoy the Scouting. The Cub Howl was done in fine style. The Cub Mistress and her Assistant are to be congratulated on the Pack.

Troop V.—(Cantonment Orphanage). The Drill and marching are smart. First-aid, Signalling and Knotting are

good. The Troop is well equipped. The Scouts are doing voluntary work in the workshops, and already have completed orders for book-stands, ink-stands, etc., etc. The Scouts are responding to the leadership of the Scout Master and training and are gradually becoming efficient Scouts.

Pack V.—(Cantonment Orphanage). The progress made since August is very good and shows great interest on the part of the C. M. Drill and marching are smart. Games are well played and a good spirit shown.

Troop VII.—(Wesleyan Boys' Secondary School). The Troop has recently been reorganized. This is one of the largest Troops, having 46 Scouts on the roll, of whom 40 paraded. The Troop needs further organization and training. I was pleased to hear that one Scout had recently saved a boy from drowning.

Troop VIII.—(R. B. A. N. M. High School). The Drill might be improved. Knotting and signalling are fair. I was specially pleased with the Scouts' Dispensary—an excellent piece of Scout service. 26 out of the 33 Scouts paraded.

Pack VIII.—(as above). The Cub Howl was well done. The Drill was fairly smart. There is opportunity of making this Pack efficient and strong in numbers.

Troop X.—(Garrison). The Drill was good. Knotting, signalling, etc., need practice. The Troop is doing well and the Scout Master is keen.

Troop XI.—(St. Joseph's College, Indian Section). The Troop has recently been reformed and therefore a state of efficiency cannot be expected. I fully expect to see considerable progress in a short time.

Troop XII.—(Municipal Mohammedan School). The Troop has been in existence only a few months and during that short time has made considerable progress. Drill is smart but needs practice.

Troop XIII.—(Depressed Classes School). This Troop has recently been formed and consists of boys from the Depressed Classes. The Scouts are being taught drill, knotting, signalling, bandaging, flags, etc., and in the short time since its formation the Troop has shown marked progress.

Troop XIV.—(Hafizia School—Mohammedan). Drill was very good, but the Scout activities need developing. The Scout Masters are doing very well and considering the short time they have been working, the Troop has made good progress.

Troop XV.—(Pioneercherry Municipal School). The various Tenderfoot Tests are done fairly well, but efficiency in such a short time can hardly be expected. The Scout Master is to be congratulated on the progress made.

Troop XVI.—(Mohammedan Municipal School). The Drill was fair. The Troop is quite new, but the progress is good.

Troop XVII.—(Mohammedan Municipal School). The Troop has an energetic Scout Master and has made fair progress since its recent formation. The Troop needs a suitable parade ground.

Troop XVIII.—(St. John's). Drill excellent. Knotting, signalling, etc., need more practice. The Troop has made great progress within a short time.

Pack XVIII.—(St. John's). The Sixes drilled the Pack and conducted it smartly. The Pack has made good progress, specially considering the fact that the Cub Mistress has been in charge only two weeks. The material in the Pack is excellent and rapid progress is anticipated.

Troop XIX.—(C. V. S. Sabha School). This Troop has been recently organized. It is hoped that progress will be made as the Troop gets more training.

Troop XX.—(Shri Krishna). The Troop has made fair progress in all the Tenderfoot Tests during the one month of its existence and promises well.

Troop XXI.—(R. B. B. P. Annaswamy Mudaliar School). The 13 Scouts passed well in Knotting, Scout Law, Signs, the history and composition of the Union Jack and uses of Scout staff, and were invested as Scouts on the day of inspection. The Troop promises well.

"WORDS OF WISDOM"

"Let us not make too much of a fetish of outward efficiency, lest we forget the *Scout Spirit* that lies behind it. Do you, I wonder, sometimes test the Scout Spirit that is in you? Do you realize that the Scout, like the policeman, is always on duty? Do you ask yourselves when your conscience accuses you:—"Ought I as a Scout to have done or said that?" Does Scouting help you to pull yourself together when you are losing your temper? Does it help you to face the music if there is trouble ahead? That is the real test; the ideal towards which we are working. It will help you more than anything else to play an honourable part in life."—*From the Chief Scout's Yarn at the General Meeting, November 1st, 1924.*
